

Advantages:

- Dustless Floor Blasting
- Noise and Equipment Reduction
- Can blast up to 50m² Per Hour
- Ensuring a quality end result
- Cost Effective
- Reclaim all dust and contaminants

Fabcoat Australia Introducing its all new range of Floor Coating Equipment.

Fabcoat Australia invested in state of the art floor blasting, polishing, grinding and scarifying equipment, this equipment is specially designed for the floor coating industry.

Blastrac Floor Blaster

Blasting Width: 8 in. (203mm)
Travel Speed: Up to 75 ft/min. (23m/min.)
Prod. Capacity¹: Up to 50 m²/hr
Blast Motor: 4 hp (3 kw)
Voltage: 230V, 1ø, 60 Hz
Amperage: 30A
Power Cord: 35 ft. (10.66m)

Blastrac Vacuum Unit

Motor Power: 3kw /230 V single phase
Suitable for: shot blaster, scarifier and floor grinder
Dust Extractor Motors: 3 independent motors
Airflow: 7500l/min
Filter: M-Class filter
Dimensions: 800 x 600 x 1.580mm
Power Cord: 35 ft. (10.66m)

Blastrac Floor Grinder

Motor Power: 2.2kw/ 230V Single Phase
Working Speed: 300-1000rpm
Weight: 125kg
Dimensions: 1310 x 460 x 930
Working Width: ø435mm
Drive System: Triple head grinding
Dust Hose Connection: 3 in. (76mm)

Blastrac Scarifier

Motor Power: 3.6kw Petrol
Working Speed: up to 70m² Per/H
Weight: 55kg
Dimensions: 971 x 370 x 1000
Working Speed: 1750rpm
